Our Nursery

The equipment

We welcome your child into a fully equipped house, with a large bright living room and spacious bedrooms. All of the furniture is suitable for children, including a mini toilet and mini sink. We prefer natural materials like wood. The kitchen is equipped with unbreakable and child friendly crockery.

Whenever the weather permits, the children have access to a garden equipped with swings, slides and sandboxes together with grassy areas.

Settling in

A settling in period is necessary for any child who joins the nursery.

This enables the child to adjust to the other children and the staff in a secure environment with at least one parent close by in the first days. This period also provides the opportunity for the staff to assess the individual requirements of the child.

The settling in period is the last week of the month preceding the entry of your child to the nursery.

Below is the timetable for the settling in period – With this program, we hope to reassure both children and parents. This settling in period should not exceed 4 days.

Opening hours

Victoria Cerise is open every weekday from 07:30 am to 18:30.

Where growing up is child's play

For your little one, growing up is an adventure every day. There is so much to discover, so many milestones to achieve. The first one is leaving the family nest and learning to live with others. To help them through this transition as smoothly as possible, there's Victoria Cerise.

We are located in a peaceful and harmonious place where we welcome children as if they were at home. From 3 months old, they are cared for and nurtured by a sensitive and attentive team. They grow up in an exceptional environment where play and learning take place in multiple languages, all while remaining in a familiar setting.

Join us on the journey to discover this unique private nursery, where growing up is child's play. To ensure maximum safety for your child, Victoria Cerise nursery is approved by several official organizations."
